

June 27, 2018: Closed Session (Minutes Kept by Christopher F. Long, Esquire)

The Board went into Executive Session at approximately 7:35 p.m. after adopting a Resolution based, in part, upon exemption #8 of the Open Public Meetings Act for the purpose of discussing the Superintendent's compliance with contractual Merit Goals and other matters relating to Dr. H. Major Poteat's Contract. Mr. Long agreed to keep the Minutes.

Those present were Board President Pitts, Vice President Peterson, Ms. Watkins, Mr. Shaw, Mr. Robinson, Ms. Wilson-Mitchell, Ms. Martin, Ms. Dredden, and Christopher F. Long. Also present was Dr. Poteat.

Dr. Poteat began a thorough and lengthy presentation with respect to his Merit Goals. These goals, five in total, were established at the commencement of the school year. Dr. Poteat had five large binders containing his report, related information and back-up data. The five goals reviewed in extensive detail were as follows:

1. STEM Robotics Program;
2. Computer Science Program Initiative for Innovators and Makers;
3. Coding and Game Design Program;
4. Elementary STEM Program; and
5. Social Skills Program.

Dr. Poteat stated that all plans were extremely successful. He reviewed each binder with the Board and there was significant interaction between the Board Members and Dr. Poteat. As Dr. Poteat finished each of his presentations on the five program subject areas, the Board reviewed the binders and back-up materials provided.

[REDACTED]

[REDACTED]

The Board made several positive comments about Dr. Poteat's year-long quest to attain the goals he set at the beginning of the school year. The Member were excited at the level of student participation and the complexity of the tasks achieved.

The Board reconvened in Open Session at 8:25 p.m.
