

5511 DRESS AND GROOMING

Introduction and Background

The Winslow Township Board of Education believes that school attire can influence a pupil's behavior and potentially impact the academic environment. School uniforms enhance school safety, promote school pride, create a sense of unity amongst students, improve the learning environment, and promote attention and focus, bridge socioeconomic differences between children, promote good behavior, improve children's self-respect and self-esteem and produce cost savings for participating families.

Students' attire will reflect good taste, modesty and appropriateness for an educational learning environment. The following dress policies and procedures were developed by a committee including representation of students, parents, teachers, administration and board members. The Board held a public hearing prior to the adoption and implementation of this Policy relative to each school within the District.

Staff members shall demonstrate by example and precept wholesome attitudes toward neatness, cleanliness, propriety, modesty, and good sense in attire and appearance.

Information Dissemination:

It will be the responsibility of each school principal to communicate to parents, general guidelines, clothing requirements, exemptions, disciplinary actions for violations of the policy and financial assistance relative to this policy. Information can be disseminated through school newsletters, parent forums, telephone notification, Home and School Association meetings and correspondence within the school buildings. Communication to the parents shall include specific type and color of uniform required.
